

# Rainbow Perennials

- ✿ Ideal for more permanent displays
- ✿ Outstanding, innovative mix provides longer term savings
- ✿ Extended flowering period early spring through to late autumn

**Rainbow Perennials** as the name suggests, contains predominantly perennial flower species to provide an extended and more permanent flowering display from early spring until late autumn throughout successive years.

For optimum year on year performance, over-seeding of weakening areas is recommended to maintain and increase flowering performance and bio-diversity. **Rainbow Perennials** removes the need to prepare seed beds each year with the benefit of utilising labour for other essential tasks.

## Rainbow Perennials Characteristics

Pack size: 1 kg  
Sowing rate: 4g/sq. m  
Pack coverage: 250 sq.m
