

Landscape Grass Seed Mixtures

Characteristics	Fine Turf	Multi Use	Low Maint- enance	Ultra Low	Shade	Drought & Salt	Embank- ment	Road & Rail	Airfield	Pure Fescue	Super Root	Paddock Mix
Attractive seed heads												
Closer mow												
Cool growth												
Deep rooting												
Drought: High												
Drought: Moderate												
Fast establishing												
Fine leaved												
Persistent												
pH: Moderate high												
pH: Moderate low												
Recovery												
Salt												
Shade: High												
Shade: Moderate												
Low clippings												
Soil: Free draining												
Soil: Dry												
Soil: Wet												
Wear: High												
Wear: Moderate												
			Low									
Applications	Fine Turf	Multi Use	Maint- enance	Ultra Low	Shade	Drought & Salt	Embank- ment	Road & Rail	Airfield	Pure Fescue	Super Root	Paddock Mix
Applications Airfields			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites Fine lawns & Landscape Footpaths Green roofs			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites Fine lawns & Landscape Footpaths			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites Fine lawns & Landscape Footpaths Green roofs			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites Fine lawns & Landscape Footpaths Green roofs Horse paddocks			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites Fine lawns & Landscape Footpaths Green roofs Horse paddocks Hydraseeding			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites Fine lawns & Landscape Footpaths Green roofs Horse paddocks Hydraseeding Low maintenance			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites Fine lawns & Landscape Footpaths Green roofs Horse paddocks Hydraseeding Low maintenance Orchards			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites Fine lawns & Landscape Footpaths Green roofs Horse paddocks Hydraseeding Low maintenance Orchards Parks & Playing fields			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites Fine lawns & Landscape Footpaths Green roofs Horse paddocks Hydraseeding Low maintenance Orchards Parks & Playing fields Recreation			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites Fine lawns & Landscape Footpaths Green roofs Horse paddocks Hydraseeding Low maintenance Orchards Parks & Playing fields Recreation Stabilisation			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites Fine lawns & Landscape Footpaths Green roofs Horse paddocks Hydraseeding Low maintenance Orchards Parks & Playing fields Recreation Stabilisation Terraseeding			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites Fine lawns & Landscape Footpaths Green roofs Horse paddocks Hydraseeding Low maintenance Orchards Parks & Playing fields Recreation Stabilisation Terraseeding Track & Trail			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			
Airfields Bridleways Building surrounds Caravan parks Coastal sites Fine lawns & Landscape Footpaths Green roofs Horse paddocks Hydraseeding Low maintenance Orchards Parks & Playing fields Recreation Stabilisation Terraseeding Track & Trail Verges & Embankments			Maint-		Shade	Drought & Salt		Road & Rail	Airfield			

Mixture Detail	Sowing Rate g/sq.m	Sowing Depth	Mow Down to	Minimum Soil Temperature Recommended for Sowing	Soil Type Preferred
Fine Turf	30	Shallow to 6mm	7mm	10°C	Free draining
Multi Use	35-40	Down to 12mm	12mm	7°C	Most
Low Maintenance	35	Shallow to 6mm	8mm	7°C	Most
Ultra Low	30	Shallow to 6mm	7mm	10°C	Free draining
Shade	40	Down to 12mm	25mm	7°C	Most
Drought & Salt	50	Deeper to 25mm	35mm	14°C	Most
Road & Rail	35	Shallow to 6mm	8mm	7°C	Most
Pure Fescue	30	Shallow to 6mm	7mm	10°C	Free draining
Super Root	35-40	Deeper to 20mm	25mm	5°C	Any
Paddock Mix	14 kg/ac	Shallow to 12mm	75mm	10°C	Most
