

Line Marking Paints

Impact

Award Winning Ready-to-use Paints
Cost-saving, Convenience, Conservation

Introduced more than two decades ago, Impact Ready to Use paint system began a revolution in line marking paint and spray machinery technology.

The multi award winning Impact paint system delivers unbeatable bright, crisp lines combined with significant cost saving benefits. **Only Impact** paint system is capable of marking up to **nine** standard sized football pitches from a **single 10 litre drum**. No added water required, just shake the drum thoroughly before use.

Water and transport cost saving systems are increasingly in demand as care for the environment and fuel efficiency become higher priorities. Specially engineered cone nozzles developed specifically for the Impact system enable a full sized football pitch to be over-marked typically with just 1.1 to 1.5 litres of product, depending on nozzle selection.

Using as little as 1.1 litres of Impact paint to over-mark a standard sized football pitch means significantly reduced travel frequency for multi-site marking, thus minimizing harmful CO₂ and particulate diesel emissions. 5 litre Eco-Bags, introduced for ease of storage and disposal are available with Impact XP, meaning 3 x 5 litre bags loaded onto an iGO system spray machine can mark up to 18 pitches without re-loading.

All these benefits confirm Impact System as a massive leap forward for the line-marking industry in terms of practicality, efficiency, associated costs and environmental stewardship, as well as delivering reliable quality lines. Used by professionals and volunteers alike, the range of products provides the affordability and flexibility to suit all budgets and standard of lines.

WHY IMPACT PAINTS

- › **Ready-to-use**
No measuring, no mixing, no mess
- › **Time saving**
Quick start, fewer re-fills, faster finish
- › **Cost savings per pitch**
Less paint, no added water...it all adds up
- › **Great visuals**
Crisp lines, bright white or vibrant colours
- › **Fast drying**
Rainfast in as little as 20 minutes
- › **Long lasting**
Highly rain resistant once dry, no 'ghosting'
- › **Flowability**
High atomisation through unique nozzles
- › **Flexibility**
All surfaces...natural grass, hard and synthetic surfaces*
- › **Lighter load**
No heavy tank of dilutable to cause compaction

*Temporary lines only on synthetic surfaces, great for multi-use synthetic pitches. For more permanent, longer lasting markings, Duraline Synthetic paint is highly recommended

Carrying 3 x 5 litre Eco-Bags, 13 pitches could be over-marked. Or, using 2 x 10 litre drums, up to 18 pitches can be over-marked, without returning to base!

Impact The Range

Impact Match

Pack size: 10 litre drum
 Area of use: Natural grass
 Application: RTU with iGO, iGO mini, Glider or GPS

- › Super fast drying
- › No transference
- › Incredible white lines
- › From just 1.5 litres per football pitch, 2.5 litres for rugby union

RT Order Code: 0841981/010

Impact Lite

Pack size: 10 litre drum
 Area of use: Natural grass
 Application: RTU with iGO, iGO mini, Glider or GPS

- › For frequent/weekly marking only
- › Excellent value for regular multiple pitch marking

RT Order Code: 0841705/010

Impact HD

Pack size: 10 litre drum
 Area of use: Natural grass
 Application: RTU with iGO, iGO mini, Glider or GPS

- › Next generation Impact paint
- › Unbeatable, ultra-bright lines
- › Extra long lasting

RT Order Code: 0841703/010

Impact Green-Out

Pack size: 10 litre drum
 Area of use: Natural grass
 Application: RTU with iGO, iGO mini, Glider or GPS

- › Masks out white lines
- › Green pigment blends with grass
- › Spray using green cone nozzle

RT Order Code: 0841968/010

Impact XP

Pack size: 2 x 5 litre Eco-bag, 5 & 10 litre drums
 Area of use: Natural grass
 Application: RTU with iGO, iGO mini, Glider or GPS

- › Staying power, lasts much longer
- › As little as 1.1litre per pitch
- › Bright white and superior adhesion

RT Order Code: 0842011/010

Impact Hard Surface

Pack size: 5 litre drum 
 Area of use: Tarmac, concrete
 Application: RTU with iGO, iGO mini or Glider

- › Special binders and stickers
- › Acrylic based formulation
- › Range of non-grassed surfaces

RT Order Code: 0841911/05

Impact Standard

Pack size: 5 & 10 litre drums 
 Area of use: Natural grass
 Application: RTU with iGO, iGO mini, Glider or GPS

- › Excellent spray-ability
- › Highly stable and consistent spray
- › Bright white or vibrant colours

RT Order Code: 0841901/010

 Colour options are available for paints showing this symbol

Impact Cone Nozzle Technology

It took considerable research to achieve Impact Cone Nozzle Technology. Only the combination of Impact cone nozzles with Impact paints consistently deliver as little as 1.1 litres–of paint per pitch. That's because Impact paints are formulated with superior flowability to assist the right droplet atomisation through these unique, specially engineered nozzles. Excellent leaf coverage and consistent line width can be easily achieved, time after time. Use Flush Thru to keep nozzles and pipes clean and free flowing for optimum delivery and unbeatable lines.
