

Rounders

BATTING AREA

12m (13.12yd) square.

RUNNING TRACK

Mark a solid line extending from the front right hand corner of the batting square to the 1st post measuring 12m (13.12yd) in length. The same line will be extended past the first post for 2m (2.19yd). The distance from the batting square to the second post and the first post to the third post is 17m (18.59yd).

The 4th post measures in a straight line from the third post 8.5m (9.3yd) and extended 2m (2.19yd) over the front line of the batting square. The lines from the 1st post to the 2nd post and from the 2nd post to the 3rd post will also be extended 2m past the 2nd and 3rd post respectively.

BOWLING SQUARE

Measures 2.5m (2.73yd) square.

BATTING SQUARE

Measures 2m (2.19yd) square. The front line of the

batting square extends a minimum of 12m (13.12yd) in either direction. The area in front of this line toward the bowling square is called the Forward Area and the area behind it called the Backward Area.

The front line is parallel with, and 7.5m (8.2yd) away, from the front line of the bowling square.

BATSMEN OUTLINE AND WAITING LINE

Measures a minimum of 10m (10.94yd) behind the front line of the batting square and 15m (16.4yd) on both sides from the front-right hand corner of the square. They are then marked 2m (2.19yd) long from that point.

POSTS

Placed 1.2m (1.31yd) above the ground. They shall be supported in a base and not fixed in the ground.

LINE WIDTH

Recommended 2.5cm (0.98in) minimum to 5cm (1.97in) maximum.

COLOUR

White lines are suggested but not specified.
