

3 Way Rye

Hard-wearing 100% perennial ryegrass blend with Tetraploid Technology

3 Way Rye is a versatile, balanced 100% amenity perennial ryegrass blend. The inclusion of tetraploid perennial ryegrass means it grows and recovers in colder conditions as well as having improved tolerance to heat and drought. With improved stabilisation through its deep, dense rooting, this robust and hard-wearing blend is an extremely costeffective solution for intense wear surfaces.

Usage

- Racecourses
- Sports pitches and playing fields
- Golf tees, fairways and walkways
- Winter repairs

FACTfile: 3 Way Rye

Cultivars

30% Tetragreen: Tetraploid perennial ryegrass

Robust, high disease tolerance, cold temperature growth, drought

40% Greenway: Perennial ryegrass

Hard-wearing yet fine leafed with good density, adding base to the sward

30% Essence: Perennial ryegrass

Good wear tolerance, gives uniform colour to the sward

Turfgrass Seed 2023	Wear	Shoot density	Fine leaf	Red thread
Tetragreen	5.0	4.8	4.4	7.3
Greenway	6.4	6.4	7.0	6.1
Essence	6.3	6.4	6.2	4.7

Sowing rate	Overseeding rate	Sowing depth	Mowing height
40 – 60g/m ²	25 – 35g/m ²	12 – 15mm	Down to 12mm

Performance

- Quick establishment
- Hard-wearing
- Germinates and grows in cold temperatures down to 4°C
- Deep, dense rooting for improved heat and drought tolerance
- Increases disease tolerance
- Uniform colour

Pack Size: 20kg
