

Low Maintenance

Ultra-fine rye and fescues

Low Maintenance includes the shortest re-growth ultra-fine rye cultivars for reduced mowing and creeping rye for fast establishment to help out-compete weed ingress. Hard-wearing, excellent colour and also drought tolerant with the inclusion of hard and sheep's fescues.

Usage

- Low maintenance lawns and landscape with or without wear
- Verges and embankments
- Cricket outfields, especially for low maintenance
- Golf tees, fairways, short roughs and driving ranges
