

R13

Ultra-fine rye and fescue

Featuring Angelina, the shortest re-growth cultivar for reduced mowing and Estelle for fast recovery after wear, this fast establishing, hard-wearing mix is fine leaved with excellent density.

Cultivar

30% Angelina: Perennial ryegrass

Exceptional shortest re-growth, ultra-fine, high density, clean cut, high wear, fast recovery

40% Estelle: Perennial ryegrass

High density, ultra-fine, high wear, fast recovery

30% Hastings: Strong creeping red fescue

Highly rated, fast establishing strong creeping red fescue, rhizomes for recovery

Turfgrass Seed 2023	Short regrowth	Shoot density	Fine leaf	Wear	Recov.	Visual merit
Angelina	8.2	7.3	7.1	7.2	7.5	7.3
Estelle	5.6	7.7	7.7	7.0	7.6	7.9
Hastings	-	5.6	-	-	-	5.7
