

Banquet

- ✿ Best UK urban flower mix for pollinators
- ✿ Provides abundant pollen and nectar
- ✿ Vibrant colours for a stunning visual display

Euroflor flower species were selected as part of a UK government funded, collaborative “Urban Pollinators” research project at Bristol, Leeds, Reading, and Edinburgh universities. Combining the research results with recommendations from organisations such as Royal Horticultural Society, the Bumble Bee Conservation Trust and Buglife validates the 25 species in Euroflor **Banquet** will provide abundant pollen (for protein) and nectar (for energy) for bees, hoverflies, butterflies and other pollinating insects, whilst delivering vibrant colour displays for our enjoyment.
