

# KATOUN<sup>®</sup>GOLD

## A Natural & Sustainable approach for Line Marking preparation

### Application & Equipment

- Apply Katoun Gold using a Glider Spray Line Marker (or similar) with a 100mm wide line width, spraying at 4 Bar
- Mix Katoun Gold at a rate of 10ml Katoun Gold in 100ml of water

- **Nozzle-:**

Green 015 Evenspray - (6.93 litres per pitch/0.69 L/min)

A full size football pitch will require approximately 7 litres of spray solution

## Warning!

**Katoun Gold cannot be mixed with Line Marking paints**

**Make sure spray lines and nozzles are kept clean**
